Funded by the German Federal Ministry for Economic Cooperation and Development (BMZ), the programme is being implemented by the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH in close cooperation with the network of German Chambers of Commerce Abroad (AHK).

Business & Cooperation Desk Cambodia

Via the Cambodia Business & Cooperation Desk the GBN-Coordinator will answer your questions on the country's economic situation and assess opportunities in sectors relevant to development policy such as renewable energies, recycling technologies, agriculture and food processing. The GBN-Coordinator will also help you develop specific projects in these sectors. The Business & Cooperation Desk is your interface with German development cooperation – the desk is directly integrated into the offices of EuroCham Cambodia and closely linked to the German Business Group (Arbeitskreis Deutsche Wirtschaft – ADW), enabling effective networking.

A strong network for business

The Business & Cooperation Desk is your way of accessing the regional network – The GBN-Coordinator works closely with the German Business Group in Cambodia (ADW) and EuroCham Cambodia as well as with the regional coordinator of the Delegation of German Industry and Commerce in Myanmar (AHK Myanmar). The desk also offers you an extensive network of relevant organisations – including local and German chambers and associations, export and import institutions, donors and programmes as well as NGOs and other companies.

Bianca Untied, GBN-Coordinator
'We link the private sector and German development cooperation to develop joint projects and initiatives in Cambodia.'

Tassilo Brinzer, President of the ADW in Cambodia and Vice Chairman of EuroCham Cambodia
'We are very glad that we can cooperate with the GBN Programme in Cambodia. The increased focus on working with the private sector in helping to develop sustainable economic sectors in key growth areas fits perfectly to our goals as an industry association.'
